17	Social work Course are useful to social action	3	4	3	0	0
18	Social work Course are useful to social administration	4	3	3	0	0

Conclusion:

Teachers are likely to provide feedback on the quality of leadership and management, the support provided by the administration, the level of collaboration and communication among staff, and the overall professional development opportunities. Positive feedback include comments on supportive and empowering leadership, access to effective professional development, and a strong sense of community and collaboration. Include comments on effective leadership, support from the administration, opportunities for professional growth, and trust and respect among staff.
